A Saga of Excellence

The Dev Samaj (a unique religious movement) was founded in 1887 by the Most Worshipful Bhagwan Dev Atma. The fundamental objective of Dev Samaj is to make us more and more capable of promoting the cause of unique life mission of Bhagwan Dev Atma i.e. propagation of Truth, Beauty and Goodness in thought; speech and action among all classes of people, irrespective of any consideration of caste, creed, colour and culture. The Dev Samaj endeavours to eradicate from the hearts of the people, as far as possible, such egoistic forces as vanity, hatred, self-will and selfishness and to evolve such altruistic feelings as compassion, gratitude, reverence etc. The Highest Evolution of mankind is the summum bonum of the Dev Dharma. Dev Samaj believes in the Science of moral and spiritual laws of soul. It employs the scientific method and accepts the scientific pattern of thought that Nature is self-sufficient in its working, and therefore we are not to go 'OUT OF NATURE' to understand any happening within it. The founder of Dev Samaj, Bhagwan Dev Atma ji exhorts us to cultivate harmonious relationship with the four kingdoms, the Kingdom of the Inanimate, the Kingdom of Vegetation, the Kingdom of Animals and the Kingdom of Human Beings; through feelings of respect, appreciation and gratitude for the services rendered by all these four kingdoms. Under the strong Psychic influence of its Most Worshipful Founder, Dev Samaj took positive steps to build a social structure where women could enjoy respectable position, free from the gender bias. Dev Samaj organisation gives equal rights and status to women with men while adopting many social reforms in this regard like; recognition of girl child, monogamy, widow-remarriage, dowryless marriages

etc. The Dev Samaj considers women education essential for their social, moral and spiritual upliftment. The Illustrious Founder set a golden example in his childhood when feeling strongly that education was as good for girls as for boys, he started teaching his two women relatives in the sixties of 19th century. At that time women education was considered superstitious breed involving the divine wrath. The venerable Founder of Dev Samaj realised that future of women lay in education. Education alone could open opportunity of enlightenment and independence for women. He wanted to regenerate mankind and transform society through women education. Bhagwan Dev Atma was the pioneer reformer who opened a High School for Girls at Ferozepur in 1901. The Dev Samaj Managing Council continued the educational work and at present the Dev Samaj Society is running about 22 educational institutions in the country. Prominent among them are located at Ferozepur, Moga, Ambala, Delhi and Chandigarh. These educational institutions hold a significant place on the educational map of Northern India. It is a matter of immense pride that the college has completed 38 years of its meritorious service to the country in general and to the Union Territory of Chandigarh in particular, in the field of women teacher education. We are extremely grateful to the Dev Samaj Managing Council and the Managing Committee for its generosity, valuable guidance and inspiration in discharging our responsibilities despite heavy odds and difficulties. It is hoped that with an inbuilt momentum, our institutions will continue to march onward to a better tomorrow in the service of the Nation.

ANNUAL REPORT 2019-2020

The 2019-2020 Annual report articulates and demonstrates the dynamic nature of our college, our commitment to excellence and our relentless pursuit of achieving “Our Best”. Our teachers are reflective and responsive to students needs and there is quality commitment from our college towards our community. The College owes its origin to the foresight and sagacity of its Founder Patron most revered Bhagwan Dev Atma Ji, for promoting Women Education.

DISTINGUISHED FEATURES OF THE INSTITUTION

The college is known for the exemplary features such as

WALL OF KINDNESS

A Symbol of Charity and Concerns for the Needy. The most unique features of our college is that we are having "Wall of Kindness" where people donate articles, clothes etc. and the needy pick them up without any humiliation. The citizens are also depositing books, toys and footwear apart from clothes. The official motto is "Take what you need. Leave what you don't".

HERBAL GARDEN

Herbal garden was established in the college in 2009 with the motive to encourage future teachers to promote sustainable practices for use and Conservation of Medicinal Plants and learn the benefits from medicinal plants in our day-to-day life for better health and immunity and also influence parents, friends and kinship for their use in cooking etc.

HONESTY CORNER

An Endeavor of the Honesty to ignite the Spark of Integrity and fills the objectives: To Stand up for what you believe is Right, Live by your Highest Values and Being honest with others and yourself. It is another noble initiative where students pick up the required stationery articles and honestly put the money in the money box themselves without any external monitoring.

SCHOOL ON THE MOVE

To serve the needs of underprivileged children in rural areas "School On The Move" is first of its kind, which is built in a bus that is equipped fully just like a classroom with attractive and colourful teaching aids and a blackboard. The student teachers of the college go to teach the underprivileged children as well as women of the village. They are provided with free books, transcription notebooks and stationery for practice. They are taught not only the three r's but also other life skills like Henna applying, paper bag making, candle making, rangoli etc.

SEMINARS AND WORKSHOPS

Every year, The college organizes seminars, workshops & conferences to provide platforms to teachers and students to learn new aspects, other perspectives, latest information and for strong network with other institutions.

'LEAP TO TEACH' (23.01.2020)

The college organized an interactive and motivational 'Leap to Teach' Seminar holding Mrs. Vandana Saxena-Principal, Tribune Model School, Sector 29, Chandigarh as the Resource Person for the occasion. Dr. Anuradha Agnihotri, Assistant Professor of the college, welcomed her with warm gratitude. The event aimed at provoking students' minds with behavioral and educational aspects that needed to be worked upon before walking in an interview. A series of Questionnaire, Physical Activity and Open Discussion ran throughout the program enlightening the minds of audience with the need for pursuing training courses for Personality Development like the one initiated by the school itself namely 'Leap to Teach Internship Program'. The event ended on a good note with vote of thanks by Dr. Richa Chhibbar and Mrs. Madhavi Goyal - Placement Incharges, DSCCE. The session left a lasting impression on the students' minds.

TALK ON IMPORTANCE OF GUIDANCE AND COUNSELLING WITH EMERGING PROSPECTS (20.2.2020)

A talk by Aadi Garg of Aadi Career Guidance & Counselling Centre, Chandigarh was organized by the college. Mr. Garg who is a renowned psychologist a career counsellor did his specialization from NCERT & has been a professional member of INTERNATIONAL ASSOCIATION FOR EDUCATIONAL AND VOCATIONAL STUDIES, CANADA. The topic was IMPORTANCE OF GUIDANCE AND COUNSELLING WITH EMERGING PROSPECTS. It was

a very informative seminar where he inspired everyone towards excellence. He spoke about smart goals emphasized the role of effective

counselling specified the various areas for counselling which cater towards the increasing complexities of life. His main mantra for selecting a career

is based on his patented method called the 'Three D's' which are Discover, Devised and Develop. The student left with an ignited mind talking away some of his relentless commitment towards his field of work.

The program was convened by Dr. (Mrs.) Agnese Dhillon, Principal DSCE and co-ordinated by Dr. Richa Sharma, Dr. Neeru Malik, Dr. Rohit Bhandari - Professors from the college. Hundred delegates from Punjab, Haryana, Chandigarh participated in the event. The Conference was a huge success and left a long-lasting impression on the minds with revamping ideas of mutating the Education Structure. The event ended on a good note.

'NATIONAL SEMINAR ON INTER-DISCIPLINARY APPROACH IN THE FIELD OF EDUCATION-THE PLATFORM FOR CONNECTING LEARNING TO LIFE WITH REFERENCE TO NORTH WESTERN REGION OF INDIA' (3.3.2020)

A 'National Seminar on Interdisciplinary Approach in the field of Education-The platform for connecting learning to life with reference to North Western Region of India', was organised by the college and was sponsored by The Indian Council of Social Science and Research (ICSSR), Panjab University, Chandigarh on March 3rd, 2020. The focus of the seminar was to spread awareness among teacher educators and teacher trainees regarding global need of introducing interdisciplinary approach to education.

Shriman Nirmal Singh Ji Dhillon – Secretary, Dev Samaj and Chairman, DSCE highlighted education as the biggest source of bringing radical transformation in the society. He focused on the gravity of Value Based Education as

propagated by Dev Samaj. Professor Sanjay Kaushik-Director ICSSR, Dean, National Seminar on Interdisciplinary Approach College Development Council and Panjab University Chandigarh was the Chief Guest for the seminar. At the outset, he congratulated the Principal for taking the good initiative and for selecting a pertinent theme. He enlightened the audience with his viewpoints regarding significance of Education and Virtual Organisations. He emphasized the prominence of Inter – Disciplinary Approach to assist the sustainability of the country's economy.

Mr. Agus Indra Udayana – Gandhian Activist, Founder President, Ashram Gandhipuri, Bali, Indonesia along with Professor Pankaj Mala from Music Department, Panjab University, Chandigarh were the key note speakers for the event. Dr. (Mrs.) Agnese Dhillon – principal DSCE and Convener of the seminar inaugurated the event with her address and welcomed the dignitaries on behalf of college by offering them saplings.

Mr. Agus Indra Udayana laid stress on Mahatma Gandhi's philosophy of Education which necessitates instruction of Handicraft and Industry in the contemporary education system. He remarked the value of Peace Education and Education for Poor for the upliftment of the society. Being a constant participant in various National and Inter-National Forums on nurturing democracy, religious harmony through inter-faith dialogue, he has been disseminating Gandhian ideologies through seminars, workshops, competitions and prayers. In co-ordination with the officials from the Provincial Government of Bali, he has established a Bali Dwipa Pura Cultural Centre in Rishikesh, Uttarakhand. Mr. Agus Indra Udayana has been conferred the Pemuda Pariwisata Harapan Award and Padma Shri for his contribution towards promoting tourism and culture through youth.

The event consisted of two Technical Sessions. Technical session was conducted by Dr. Pankaj Mala who emphasized on the co-existence of art, science and aesthetics. She conveyed that a teacher should imbibe the qualities first in herself and then only impart it to the students.

Technical Session II comprised Paper Presentations by numerous delegates and research scholars who participated in the seminar from various institutions of Punjab, Haryana and Chandigarh. The sessions were co-ordinated by Dr. Richa Sharma, Associate Professor, DSCE and Dr. Neeru Malik, Assistant Professor, DSCE who presented vote of thanks to the luminaries. CelebrationofSatyaBodhdharamUtsav

- 1) The important becomes secondary, and the secondary is given importance; just as a person gives priority to taste rather than health.
- 2) Means become End and Ends become Means. Wealth, fame and comfort instead of fulfilling the goal of happiness become an end in themselves and lead to degeneration.
- 3) A demented view of reality which happens when human vision is clouded by greed and jealousy.

The audience could easily relate to Shriman Ji's ideas when he gave the example of the insanity witnessed during the Partition of India. This insanity led to the regression of the soul and the weakening of the Organized Life Force. This occurs when a person is bound by the low cravings. To elaborate this he quoted Rousseau, "Man is born free but everywhere he is in chains". The life and teachings of His Holiness Bhagwan Dev Atma can cure us of this insanity. Shriman Ji narrated various incidents from the life of the Founder which exemplified this transformation. The discourses left everyone spellbound and they pledged to move on the path of evolution.

Dr.(Mrs) Madhu Prashar, Member, Dev Samaj Managing Council, also conducted a session and spoke on "The Need of Truthfulness in Human Life".

Sh. Nirmal Singh Ji Dhillon (Secretary, Dev Samaj) & Dr. (Mrs.) Agnese Dhillon (Principal, DSCE) addressing audience in Satya Bodh Dharam Utsav

Day 3: 11-08-2019

The third day of the utsav ended on the note of self-reflection. The speakers, Shriman Nirmal Singh Ji Dhillon, Secretary, Dev Samaj, Dr. Madhu Parashar, Member, Dev Samaj Managing Council, and Dr. Agnese Dhillon, Principal, Dev Samaj College of Education, Chandigarh, highlighted the need for moral introspection

and awareness regarding one's social, moral and ethical behavior. In the light of the present social scenario, the 3 day event raised some very pertinent concerns about the loss of social and moral values.

On the final day of the event, Dr.(Mrs) Agnese Dhillon spoke on the, "Self Introspection". She emphasized that it leads to a greater awareness of our susceptibility to the immoral and unethical behavior around us in today's materialistic world. In this environment there is greater need to nurture social, ethical and moral values. Dr. Dhillon gave numerous examples of benevolent social workers like Bhagat Puran Singh and Dr. Bernard who completely dedicated themselves to the welfare of others. She said that self-introspection and self-awareness alone can inspire us towards a life of moral and ethical values.

In the afternoon session the delegates reflected on the changes brought about by these 3 days of knowledge-sharing to nurture ethical and moral sensibilities.

DAY AND NIGHT SPECIAL NSS CAMP FOR THE SESSION 2019-2020

DAY 1: December 09, 2020

NSS units of the college organized a 7 day NSS camp on the theme of "Health, Hygiene and Environment" dated from 9-Dec-19 to 15-Dec-19 in the village Khajeri, adopted by Dev Samaj College.

Inaugural Function

The first day of NSS camp started with the inauguration of the event. The event started with the college prayer " Bhala Chahna " further followed by the NSS song, "Uthein Samaj Keliye Uthein".

The principal of the college Dr (Mrs) Agnese Dhillon welcomed the Chief Guest Shri Bikram Singh Rana, State Liaison Officer, NSS, Chandigarh Administration (UT) with a sapling which is a mark of growth and prosperity.

Through his anecdotes, the chief guest shared that there is an overwhelming possibility that young people might become self-centered with reduced participation for the betterment and uplift of community. Here it becomes all the more important for us that we chisel their thinking, channelizing it in the interest of humanity, to move them from being self-centered to being more inclusive and related to the community-feeling. It is on the basis of this need assessment that projects/programmes are formulated under the NSS scheme. NSS is indeed a very potent medium to silently work on the foundation of tomorrow, paving the way for a vibrant, strong and better India.

Powerpoint Presentation by Mrs. Charanjit Kaur

Mrs. Charanjit Kaur, NSS Programme officer of the college acquainted the students with the significance of the NSS camp through a powerpoint presentation. On the day 4 the NSS volunteers performed Yoga at Gurudwara Shree Guru Hari Rai Sahibji, Khajer village under the yoga instructor Pinki Poohala. She made the students aware about the various benefits that yoga activities possess.

Lecture on Relationships by Sh. Hukum Singh Chauhan

It is becoming a cliché, a norm, a regrettable but accepted side-effect, the decline of relationships. Young people are growing up more slowly, inhaling unrealistic expectations concerning instant gratification, and migrating social interaction to screens rather than face-to-face. And older people aren't much better. It is one of the growing concerns of the modern times that relationships are dying an unnatural death every day.

Students exhibiting their new learnt skills

Children have become insensitive even towards their own parents. The current situation is an indication towards an era of deterioration of human relationships. With the rise in westernization and modernization, the concept of nuclear families is brimming.

The speaker in his talk suggested that it is the responsibility of each member of the society to value each and

Shri Mewa Singh Chibber sensitising NSS volunteers on 'Environment Awareness'

every relation that he/she is surrounded with. Humans are social animals and it is the foundation of their existence and therefore, each relation is a sacred bond between two or more persons and it should be retained at any cost.

Pidilite Art and Craft Workshop by Santosh Verma

The NSS volunteers learnt the technique of glass

painting by Santosh Verma. She taught the volunteers, glass painting in a very creative manner and then the volunteers were delighted to learn the technique.

Environment Awareness Campaign

An "Environment Awareness Campaign" was organized at Khajeri village under the aegis of Shri. Mewa Singh Chhiber, Retired I.F.S Officer. He is a state awardee in UT Chandigarh and has worked with Sukhna Shramdaan for 6 years and received certificate of recommendation for the same. He also received appreciation from Air force for Tree Plantation, also worked with Sukhna Check Dam and was highly appreciated. He also got recommendation for Sukhomajri Project.

Sir gave the detailed view of Chandigarh and the contribution of French architect Le Corbusier was highlighted. He also mentioned the contribution of Mr. D.S. Randhawa who is known for Chandigarh's Tree Architect.

The architecture was so done that it has different avenues of tree cover in different directions which are known as its brains and arteries. Its eastern part has green belt forest and western part has PGI forest. Chandigarh comes under 1952 Rule of Tree Preservation under which no tree can be felled.

The forests are built to conserve rather than generating revenue and no tree is to be felled till death. The tree is felled only with the permission of the Governor or the Divisional Forest Officer. He elaborated how initially the environment of Chandigarh was sound, sustainable and healthy but constraints in case of Chandigarh is that it was planned for 3 lakhs people but now it has increased to 12 lakhs. Similarly the number of vehicles on road has increased manifold. The development of medical, educational and IT sector has further added to the environmental pressure. The whole natural pattern has changed because of the imbalance in nature.

But a ray of hope for Chandigarh is the survey conducted by India for forest areas has shown the gradual increase in the green cover. As people are now aware of the environment and their contribution in planting the trees can achieve the lost balance.

It was a very interactive session where the NSS volunteers resolved their queries regarding dumping area, segregation of waste and measures for preserving environment.

Lecture on Moral Responsibility towards the Society

Dr (Mrs) Agnese Dhillon, Principal, Dev Samaj College of Education, gave a discourse on the importance of society and how the interdependence on each other makes us exceptional beings. Society is an integral part of our lives and one must obligate to the norms crafted for human beings.

The sole existence of human life depends on the social innate nature. Through her insightful anecdotes she shared her own experience and the role it has played in the development of her own being.

How the actions of our past and present infuse the essence to our future. The balance of the mind and the body is the governing force for a satisfied life. Each individual has a moral responsibility towards the society they are a part of.

Fun Activities

The volunteers were engaged together to create the atmosphere of joy. Various games were played by the volunteers and they enjoyed a lot. An active participation was observed and they gained team spirit through fun activities.

DAY5:December 13, 2019

The day again started with the prayer "Bhala Chahna" followed by thought of the day and news. Further daily objectives and schedule for the whole day was discussed with the volunteers.

On the day 5 the NSS volunteers performed Yoga at Gurudwara Shree Guru Hari Rai Sahibji, Khajer village under the yoga instructor Pinki Poohala. She made the students aware about the various benefits that yoga activities possess.

Lecture on Devotion to Humanity

Shreeman Nirmal Singh Ji Dhillon, Chairman, Dev Samaj College of Education, gave a discourse on ideals. Today's generation is running after materialistic pleasure and has completely forgotten the essence of truth, beauty and goodness. Humanity has gone through various transformation but the basic essence remained the same. Humanity goes beyond the external world and it is an amalgamation of the self with the world.

Shreeman ji has conducted his whole life on philosophy of humanity. He dedicated and devoted his both internal and external self towards the betterment of humanity.

SURVEY CONDUCTED TO STUDY CHALLENGES FACED BY TEACHERS DURING ONLINE TEACHING AMID COVID-19

Out of the total 82.1% respondents having no previous experience of online teaching, 90.2% teachers said that they are taking online classes for the first time, while 9.8% teachers mentioned that they were not taking online classes during lockdown amid COVID-19.

This was revealed during an online survey comprising a total sample size of 3550 teachers from different Government, Recognized Private and Government Aided Private Schools of U.T Chandigarh and Punjab. The sample survey consisted of 38.6% were Primary Teachers (PTs), 33.9% Trained Graduate Teachers (TGTs) and 27.5% Post Graduate Teachers (PGTs).

The online survey was conducted by Internal Quality Assurance Cell (IQAC) of Dev Samaj College of Education, Chandigarh to study the challenges faced by teachers during online teaching besides seeking their inputs/recommendations to further improve it in a result-oriented manner. The survey was carried out by Dr. Anita Nangia and Dr. Seema Sareen under the guidance of Principal, Dev Samaj College of Education Dr. Agnese Dhillon.

The responses entered by teachers during the online survey throw ample light on various challenges frequently faced by them since the online teaching came into light. The findings of the survey pointed out that 33.56% of the teachers do not face the problem of lack of appropriate materials and resources while 61.66% reported that they faced this challenge to some extent while 7.77% to great extent. Only 17.30% of the teachers did not face any technical problems while the majority of the group faced this challenge to some extent (64.62%) and 18.08% to a great extent.

Similarly, lack of internet facilities to students is not a problem for only 17.27% teachers while for rest of 82.73%, it is a problem to some extent (61.49%) or to a great extent (21.24%). Lack of in-service training is not a challenge for 44.23% of the group while the rest of the group perceives it as a challenge in online teaching. 64.68% reported lack of cooperation from parents as a challenge. 74% teachers find it difficult to assemble all the students for the class to some extent (50.96%) as well as to a great extent (23.04%) while the rest of 26% do not face this challenge.

It was also found that 22.54% of the teachers did not find it difficult to follow up the learning of students while 56.45% had this problem to some extent and 21.01% to a great extent. However, lack of time (63.89%) and lack of confidence (85.75%) was not at all a problem for the majority of teachers.

The study has further revealed that the majority of the teachers (32.75%) use WhatsApp. They use this app to send notes to the students in pdf formats and many teachers make their own videos of the lessons and share these videos with the students. This was followed by Cloud Meet apps like Zoom, WebEx and Team Link (31.94%) to take online classes of the students. 16.08% of the teachers use Google Apps like Google Classrooms, Google Hangouts and Google Meets for online teaching. While 19.20% of the group use other apps like Next Learning Platform, SnapHW, Shisya, Deeksha, Extramarks and give You Tube link to the students.

Notably, the online survey was conducted during the trying circumstances amid the coronavirus pandemic when the schools and colleges across India have been shut since mid-March. After a few days, an unplanned and rapid

move to online teaching and learning with no training to teachers, insufficient bandwidth and little preparation got initiated by all educational institutions. Online mode of teaching, undoubtedly, is a good stopgap arrangement with no other option. But, approximately two-third students in rural areas are unable to access teaching material as they don't have internet access. The least benefited children of this online mode of teaching are poor students from rural areas; and those who took admissions in EWS quota in reputed private schools. In this way, the pandemic COVID-19, the study concludes, has increased awareness and use of digital technology in education, a major objective of the national education policy that has remained elusive so far.
