## **SCHOOL ON THE MOVE**

On 11th November 2009, to mark the National Education Day on the Birth Anniversary of an eminent educationist Maulana Abul Kalam Azad, a novel and experimental scheme of taking school to the underprivileged sections of the society "School on the Move" was introduced by NSS units of the college. Motivated by Azad's selfless working attitude, Principal of the college took this grand initiative in the Union Territory of Chandigarh by opening a mobile school named "School On The Move" first of its kind, which is built in a bus that is equipped fully just like a classroom with attractive and colourful teaching aids and a blackboard. School on the Move was inaugurated by Sh. Prem Singh, Sarpanch, of the village Buterla. In his address to the gathering, he appreciated the novel idea of the college that would benefit the underprivileged sections of the society. Referring to Mobile school as rare and lifetime opportunity, he requested the villagers to avail the opportunity. The residents of Buterla village who took keen interest in enrolling themselves were provided with free books, note books and stationery. The enrolled members comprised of different age groups. The purpose of the Mobile School is not just to teach the underprivileged children basic reading and writing skills, but also to help them learn that they deserved a better life. They would be given time to develop self-esteem and slowly prepare themselves to lead a better and improved life. Enthusiastic gathering of more than hundred residents of Buterla village appreciated and thanked the efforts taken by the college and for selecting Buterla as a first village for the purpose.

### **Objective of the Practice**

To serve the needs of underprivileged children in rural areas

Need Addressed and the Context.

Dev Samaj College of Education is located in the heart of Union Territory of Chandigarh, surrounded by a number of small villages. It may not always be possible to bring children to the school, so, a novel and experimental scheme of taking the school to the children has been introduced by the college in Buterla

village. It is to take education to doorstep to children who either can't go to school or have dropped out because of various reasons. It also serves the needs elderly people especially women. It is a mobile school built into a bus that is equipped fully as a classroom with attractive and colourful teaching aids and a blackboard. The goal isn't just to teach them basic reading and writing skills, but also to help them learn that they deserve a better life. They're given time to develop self-esteem and slowly prepare themselves for life off the streets, or if that isn't possible, at least make their life on the streets more humane.

### The Practice

The first school of its kind in the region, the "School on the Move", goes to a village named Buterla in the vicinity of Chandigarh, the first village to start with. After completing three years in village Buterla now the 'School on the Move' goes to village Dadu Majra as it is the adopted village of the college under NSS. The student teachers of the college go to teach the underprivileged children as well as women of the village. They are provided with free books, transcription note books and stationery for practice. They are taught not only the three r's but also other life skills like Henna applying, paper bag making, candle making, rangoli etc. that help them in earning an extra income for the family. More than 50 students come daily and they are being taught according to their requirements as some are interested in learning how to write their names so that they could do their signatures instead of thumb impression others are interested in helping their children in their homework so they are more keen in reading English text books especially their wards class texts. The group also includes children those who are already going to school but need extra help. The overwhelming response of the villagers motivates the college to adopt more villages for the purpose and to open more mobile schools in the area. Awareness and sensitization programmes on Aids, leprosy, environment, energy conservation, safe blood donation, immunisation and vaccination etc. are also included through theme based movies, lectures by experts and by distributing informative brochures.

## WATER CONSERVATION

Although the earth is rich in water, only one percent is liquid fresh water, the form we require for our highest priority needs. The demands on this liquid fresh water are growing, and many scientists feel that a future shortage of fresh water will be eminent. Water conservation and management emphasizes water quality protection, a growing area of employment and environmental concern. Water conservation and management encompasses the policies, strategies and activities made to manage water as a sustainable resource, to protect the water environment, and to meet current and future human demand. Population, household size, and growth and affluence all affect how much water is used. Factors such as climate change will increase pressures on natural water resources especially in industrial and agriculture.

Better water conservation and management has economic benefits and helps protect the environment.

## नेकी कर दीवार पर टांग

सर्दी के मौसम में गरम कपड़े और जूते खरीदने में असमर्थ लोगों के लिए शुरू हुआ 'वॉल ऑफ किंडनेस प्रोजेक्ट'। इसके तहत 7 दीवारें तैयार हो चुकी हैं, जहाँ रस्ते पर लोगों के कपड़े और जूते मुरैया करवाए जा सकेंगे। जो दान देना चाहें वे यहाँ कपड़े देगाकर आ सकते हैं, जिन्हें जरूरत है वे उठाकर ले जा सकते हैं।

### NOBLE CAUSE

**विश्वी रिपोर्टर** - नेकी की दीवार पर बसिस्ट विद्यार्थी बच्चों के सुखकामे इस बार जलदा विमान के साथ शहर में रहने लगे हैं। उस एक साल जलदा पर विद्यार्थी बैठ कर ही गई है। और आज वाले समय में पंचकुला और सेंट्रली में भी पॉलिम बचने की योजना है। हर साल डेड की वजह से न जाने कितने पर रहने वाले बचने लोगों की मौत हो जाती है। क्योंकि उनके पास न तो घर हुआ के लिए जगह होती है और न पहनने की गर्म कपड़े। इसी बात को ध्यान में रखकर शहर की स्वयंसेवी समूह सुकपाला जलदा क्लब की गई पहिल नेकी की दीवार की उगा बदा रहा है, जहाँ डेड की वजह बचने की न लगे। इसके तहत शहर के अन्य स्थानी पर

### पहले ईरान में थी नेकी की दीवार

उत्तरी सर्दियों बताने है नेकी की दीवार की शुरूआत ईरान के क्लब की। इसके बाद पकिस्तान, अरब और न जाने कितने देशों में इसे शुरू किया। इसके बाद में भारत में पढ़ा और देश में इसे बसिस्ट को लगे न कल लगे लगे। इससे किसी न किसी का मद हो जाता।

इस दीवार को बनवाया जाएगा। यह दीवार इन जलदासमें लोगों के लिए बनाई गई है जिनके पास पहनने की कपड़े और जूते नहीं है। इस दीवार पर कोई भी कपड़े, जूते-पचाल आदि रखाने की रखकर जा सकता है। संस्था के अध्यक्ष प्रवीर शर्मा बताने है अब यही यह बसिस्ट है कि जल्द से जल्द शहर की सभी दीवारों में काम करना कर समय परिया के लोगों के लिए गर्म कपड़े, जूते व केवल मुरैया करवा सकें। प्रियतमान अभी यह दीवार सल स्थानी में चल रही है।

### इन जगह पर कपड़े नेकी की दीवार

उत्तरी सर्दियों का पहल है कि जिनके दो जूते का पहलवा बसिस्ट और लॉरी के जेहन का बसल हुए लगे की और न अब जल्द ही कई जगह पर नेकी की दीवार तैयार की जागी। अब मुकदाम जलदा पंचकुला के सेक्टर 26/27-45 और सेक्टर-26 के लॉरी के लगे जलदा में प्रति जलदा पर यह दीवार तैयार की जागी।

पहल है कि आगे दो स्थानों में शहर की अधिकतर दीवारें नेकी की दीवार बन जाए और हर दीवार इसी नाम से जानी जाए। स-अवल, संस्था की लगे इटनेशनल-डे और पिस के लोके पर शहर के कई स्थानी में नेकी की दीवार बनाई गई। सेक्टर-9 का कार्पल बसिस्ट स्कूल, **देव समान बसिस्ट सेक्टर-36** व 21, गेट स्टीफन स्कूल सेक्टर 45, गेट लोरेन स्कूल सेक्टर-44 और इसके आगे सेक्टर-35 के पर की दीवार में नेकी की दीवार बनाई गई है।

प्रवीर शर्मा बताने है कि उनका महकम है कि इस साल बसिस्ट विद्यार्थी में कोई भी उठा से न लगे। हर बच्चों को गर्म कपड़े लुने व बसल मिले, जहाँ उन्हें उठा के सल मिल सके। उनका कहना है कि कोई भी शहर हो उसमें एक तिहाई अचारी समय परिया में रहने है। पंचकुला में भी ऐसा है। सल परिया में रहने वाले लोग गर्म कपड़े खरीदने में असमर्थ होते हैं। अगर इनके लिए हम लोग सब मिलकर कुछ कर सके तो यह हमारे लिए बसिस्ट को बल होगा।

जीएमएसएसएस, धनास के दिव्यांग स्टूडेंट्स को सशक्त कर सकते हैं। जीएमएसएसएस, धनास की प्रिंसिपल सीमा ने कहा कि यह हमारे लिए बहुत बड़ा काम था जो कि है क्योंकि कोविड-19 जैसे महामारी संकटों में दिव्यांग बच्चों को अक्सर काम सहायता प्रदान की जाती है और हमारे साथ समीप और सुनिश्चितता में रहने वाले अधिक शीर पर कमतर परिणामों से आते हैं। अब इस 'प्रोजेक्ट 49 एबल्स' के माध्यम से, उन्हें एक बड़ी सहायता मिलेगी जो उन्हें उनकी वास्तविक क्षमता का एहसास करने में मदद करेगी। अपने समान संशोधन में अग्रिम के सहायक अनिल मुशरफ ने कहा कि उनके काम का मूल उद्देश्य दिव्यांग लोगों में अक्सर पैदा करना और क्षमताओं का विकास करना है।
