Description

## Concept Note

The severe impact of COVID-19 has shaken the world to its core. Most of the Governments around the world have temporarily closed educational institutions in an attempt to contain the spread of the COVID-19 pandemic. In India too, the government as a part of the nationwide lockdown has closed all educational institutions, as a consequence of which, learners ranging from school going children to postgraduate students, are affected. After a few days, an unplanned and rapid move to online teaching and learning with no training to teachers, insufficient bandwidth, and little preparation got initiated by all educational institutions. Online mode of teaching, undoubtedly, is a good stopgap arrangement with no other option. During this trying circumstances Online survey was conducted by IQAC of Dev Samaj College of Education amid the coronavirus pandemic when the schools and colleges across India have been shut since mid-March.

Introduction

### Podcasting - (Dr. Ritu Mago)

A podcast is an episodic series of spoken word digital audio files that a user can download to a personal device for easy listening. Streaming applications and podcasting services provide a convenient, integrated way to manage a personal consumption queue across many podcast sources and playback devices.

### Brochure Making using MS-Word -(Ms. Shivani Sharma)

A brochure is an informative paper document. These days we are using e-brochures which is a digital version of the brochure. There are lots of software that can be used to make e-brochures like Corel Draw, Photoshop, etc. But we can make a simple brochure via using MS-Word too.

### Mind Mapping -(Dr. Seema Sareen)

A mind map is a graphical way to represent ideas and concepts. It is a visual thinking tool that helps to structure information, helping you to better analyze, comprehend, synthesize, recall, and generate new ideas. A mind map is a diagram that displays information visually. The subject of a mind map is always located in the centre of the map. From there related ideas and keywords branch out in all directions resulting in a radiant structure. One of the very popular software to create mind maps is Mind master software from Edrawsoft.com. The software is very user friendly and easy to use. Hand on with this tool are provided in this session. The link for Mind master software is

## Feedback by Participants (Few Glimpses)

This screenshot shows a web browser window displaying a course page for 'Learning to Teach Online' on the Avengers Academy website. The browser's address bar shows the URL: <https://avengersacademy.in/lms/public/courses/learning-to-teach-online/lecture/183>. The page features a red navigation bar with '← Previous Lecture' and 'Complete and continue →' buttons. On the left, a sidebar indicates the course is '73% Complete' and includes a 'Discussion' link. Below this, an 'About the course' section lists several completed items with green checkmarks: 'About the course', 'Instructions/ Rules', 'Message from our Worthy Chief Guest', and 'Inaugural and Welcome Address our Parton'. The main content area contains a video player with a black background and a central white box labeled 'Feedback' by 'Mahyabo'. The video player is flanked by vertical red bars and decorative icons of lightbulbs and people. The Windows taskbar at the bottom shows the system time as 2:41 AM on 7/29/2020, along with various application icons like WhatsApp, Resource Persons.docx, TeamViewer\_Setup.exe, and ilovepdf\_pages-to-...zip.

This screenshot shows the same course page as above, but the video player now displays a live video of a woman with dark hair, wearing an orange and yellow patterned sari. The video player interface includes a play/pause button, a progress bar, and a timestamp of 6:26. The rest of the page, including the navigation bar, sidebar, and 'About the course' section, remains identical to the previous screenshot. The Windows taskbar at the bottom shows the system time as 2:42 AM on 7/29/2020.
