DEV SAMAJ COLLEGE OF EDUCATION, SECTOR 36-B, CHANDIGARH

The Dev Samaj (a unique religious movement) was founded in 1887 by the Most Worshipful Bhagwan Dev Atma. The fundamental objective of Dev Samaj is to make us more and more capable of promoting the cause of unique life mission of Bhagwan Dev Atma i.e. propagation of Truth, Beauty and Goodness in thought; speech and action among all classes of people, irrespective of any consideration of caste, creed, colour and culture. The Dev Samaj endeavours to eradicate from the hearts of the people, as far as possible, such egoistic forces as vanity, hatred, self-will and selfishness and to evolve such altruistic feelings as compassion, gratitude, reverence etc. The Highest Evolution of mankind is the summum bonum of the Dev Dharma. Dev Samaj believes in the Science of moral and spiritual laws of soul. It employs the scientific method and accepts the scientific pattern of thought that Nature is self-sufficient in its working, and therefore we are not to go 'OUT OF NATURE' to understand any happening within it. The founder of Dev Samaj, Bhagwan Dev Atma ji exhorts us to cultivate harmonious relationship with the four kingdoms, the Kingdom of the Inanimate, the Kingdom of Vegetation, the Kingdom of Animals and the Kingdom of Human Beings; through feelings of respect, appreciation and gratitude for the services rendered by all these four kingdoms. Under the strong Psychic influence of its Most Worshipful Founder, Dev Samaj took positive steps to build a social structure where women could enjoy respectable position, free from the gender bias. Dev Samaj organisation gives equal rights and status to women with men while adopting many social reforms in this regard like; recognition of girl child, monogamy, widow-remarriage, dowry less marriages etc. The Dev Samaj considers women education essential for their social, moral and spiritual upliftment. The Illustrious Founder set a golden example in his childhood when feeling strongly that education was as good for girls as for boys, he started teaching his two women relatives in the sixties of 19th century. At that time women education was considered superstitious breed involving the divine wrath. The venerable Founder of Dev Samaj realised that future of women lay in education. Education alone could open opportunity of enlightenment and independence for women. He wanted to regenerate mankind and transform society through women education. Bhagwan Dev Atma was the pioneer reformer who opened a High School for Girls at Ferozepur in 1901. The Dev Samaj Managing Council continued the educational work and at present the Dev Samaj Society is running about 22 educational institutions in the country. Prominent among them are located at Ferozepur, Moga, Ambala, Delhi and Chandigarh. These educational institutions hold a significant place on the

educational map of Northern India. It is a matter of immense pride that the college has completed 38 years of its meritorious service to the country in general and to the Union Territory of Chandigarh in particular, in the field of women teacher education. We are extremely grateful to the Dev Samaj Managing Council and the Managing Committee for its generosity, valuable guidance and inspiration in discharging our responsibilities despite heavy odds and difficulties. It is hoped that with an inbuilt momentum, our institutions will continue to march onward to a better tomorrow in the service of the Nation.

These droplets can then land in the mouths or noses of people who are near you or they may breathe these droplets in. Masks are a simple barrier to help prevent your respiratory droplets from reaching others. All the students of Dev Samaj college of Education did their part of following the safety precaution by themselves wearing the face mask as required as well as helped the society by raising the awareness about the same. 15. World Environment Day

The NSS Units of Dev Samaj College of Education, Sector-36 B, Chandigarh celebrated online “World Environment Day” on 05.06.2020 with the aim to spread awareness about ecological balance. With the world fighting a pandemic together and most countries in lockdown, the environment seems to have benefited slightly. Nature seems to have been busy reclaiming its spaces. Among other things, it is getting to breathe and clean itself a little, in the absence of the constant flurry of human activities. Why is that important? It is, because just like other things, the environment needs some downtime, too. And human beings anyway have a tendency to take everything for granted, including the resources they get from nature. The air we breathe, the water we drink, the sun rays that reach us, and the food that we consume every day, are all gifts from the environment, and as such, it becomes important that they are respected, their values understood.

Poetry - Ek Bharat Shreshtha Bharat

Hai ek hi aisi nagri
Jahan dharmo ka sangam hai
Suna hai Bharat desh mein vyapt
Har dhaam aur manoranjan hai

Kesariya balam sa geet lage
Sampoorna Hindustan
Kan kan mein iske meheke
Vibhinn sanskritiyon ka gun gaan

Sabarmati se rachit itihās
Safed Kutch ke roop mein saugat
Aur Khandvi ke liye mashoor
Hai hamara Gujarat

Atulya vyanjano se bharpoor ye nagri
Dandiya ras hai jahan logon ki jaan
Dilon mein apne samaye Bhakti
Ambe Maa ko karte saadar pranaam

Gudi Padva se Nav Varsh aarambh kare
Ganesh utsav se bhare mann mein mithas
Maharashtra hai aisi bhoomi
Shivaji ne kiya jahan niwas

Baat nauwari saree ki ho
Ya ho nritya lavani ki
Anand maye lage darshan
Sidhivinayak aur shirdi ke bhi

Yun toh sabhi rajyo ka mel hai Bharat
Rasmo se racha sunehra khel hai Bharat
Jeevan mein vedo ka gyan bhi upjaye
Hamara Ek Bharat Shreshtha Bharat

Dev Samaj College of Education, Sector-36 B, Chandigarh in collaboration with NSS units and Environment club of the college organized “Wildlife Week” from 1st October, 2020 to 7th October, 2020. Wildlife Week is celebrated every year in India. Wildlife Week was conceptualized in 1952 with the overall goal of raising awareness to serve the long-term goal of safeguarding the lives of wildlife through critical action. The theme of World Wildlife Day 2020, “Sustaining all **life on Earth**”, encompasses all **wild animal** and plant species as a component of **biodiversity**, as well as the livelihoods of people, especially those who live closest to the nature. In recent decades, human encroachment has posed a threat to India’s wildlife. In 1972, India enacted the Wildlife Protection Act and Project Tiger to safeguard crucial habitat; further federal protections were promulgated in the 1980s. The objective of celebrating Wildlife Week is to focus everyone’s attention towards the importance of conservation of the wildlife and to discuss the issues related to the preservation of the wildlife. Various activities like Quiz competition, PPT making and video making were organized for celebrating National Wildlife Week by the students. "AIDS is not a death sentence."

By damaging your immune system, HIV interferes with your body's ability to fight infection and disease. HIV is a sexually transmitted infection (STI). It can also be spread by contact with infected blood or from mother to child during pregnancy, childbirth or breast-feeding. Without medication, it may take years before HIV weakens your immune system to the point that you have AIDS. There's no cure for HIV/AIDS, but medications can dramatically slow the progression of the disease. These drugs have reduced AIDS deaths in many developed nations." Next, he discussed several ways through which HIV spreads like infected blood, semen or vaginal secretions must enter your body. It can also spread by having sex, by sharing contaminated IV drug paraphernalia (needles and syringes) which puts you at high risk of HIV and other infectious diseases, such as hepatitis, and from blood transfusions and during pregnancy or delivery or through breast-feeding. The session concluded with the queries of participants which the resource person answered effectively. A pre-test and post-test were also conducted before and after the webinar to assess the knowledge and attitude of the students regarding HIV/AIDS. The webinar was conducted through the Google Meet in which over 100 participants took part.

The Principal thanked the eminent resource person for devoting his precious time and delivering an informative session and congratulated Mrs. Manjeet Kaur, Dr. Madhavi Goyal

and Mrs. Shefali Cheema, Assistant Professors and Incharges of Red Ribbon Club and Mrs. Charanjit Kaur, and Dr. Harpreet Kaur, Assistant Professors and NSS Program Officers of the college for the success of the event.

63. Online Art and Craft Workshop (27-10-2020 to 30-10-2020)

The NSS Units of Dev Samaj College of Education, Sector-36 B, Chandigarh organized a Four Days “Online Art and Craft Workshop” from 27th to 30th October, 2020. The workshop aimed at nurturing creativity and innovative abilities in the students and inspired them to think out of box and seek out new ways of preparing fancy articles using basic household items. Dr. Agnese Dhillon, Principal, Dev Samaj College of Education, Sector-36 B, Chandigarh was the chief patron of the event. Mrs. Santosh Verma, an expert fevicryl teacher was the eminent resource person. Her magnificent creations have been acknowledged across the globe and speak volumes about her artistic skills. The workshop was conducted through the Google Meet App and was open to all students and professors. The registration for the

workshop was free of cost. Over 60 students took part in the workshop and E-certificates were provided to all the participants.

DAY 1 (27/10/2020)- On first day, the workshop began with a welcome speech by an NSS volunteer, addressing the artistic skills of the resource person and illustrating the objectives of the workshop. A warm welcome was extended to the chief patron and chairman sir as well. Before starting with the session, Mrs. Santosh Verma gave a brief outline of the four-day workshop to the participants and motivated them to actively involve themselves during the workshop. The first activity conducted by Mrs. Santosh Verma was about the French Decoupage Art by using any waste material or any other basic household item. She began by listing the material required and then gave a detailed tutorial on a cardboard box. She showcased her extra-ordinary talent by renovating a waste material using floral paper napkins into a brand new decorative item, which she suggested that it could be used as a gift box or jewellery box. She also shared some quick tricks and tips with the participants to perfect the art. The students were also simultaneously preparing their articles and shared its pictures with the resource person. After giving a detailed tutorial for about forty minutes, she answered the questions and doubts of the participants regarding the tutorial. The overall response of the participants on day one was very active and welcoming. There were around 55 participants

that attended the workshop on day one. The NSS programme officers, Mrs. Charanjit Kaur and Dr. Harpreet Kaur were also a part of this session.

DAY 2 (28/10/2020)-The second session of the ‘Online Art and Craft Workshop’ organized by the NSS Unit of Dev Samaj College was held on 28.10.2020 under the able leadership of the NSS Programme officers, Mrs. Charanjit Kaur and Dr. Harpreet Kaur. The Resource person, Mrs. Santosh Verma, was cordially introduced by an NSS volunteer of the third semester. Mrs. Santosh Verma, through her expertise, very effortlessly demonstrated the art of moulding the ‘Bastar Iron Art’ form- a traditional iron craft of Chhattisgarh- where she carved out a deer not with iron but with the help of fevicrylmouldit clay. She specifically mentioned that the clay can be used to make some other shapes as well like that of an elephant or human. She also used some wires, cardboard and glass colours to give the mould a final finishing touch. She suggested the students to simultaneously use some talcum powder so that the clay is easy to manage and mould. She also advised not to make the legs and horns of the sculpture separately but to make them from the same mould. Through her skill she not only gave us a knowledge about the traditional Indian art form in minutes but also taught us how easily it can be crafted with the help of only a few materials and at a low cost. The item taught by her could be considered very economical in terms of both effort and time. She also taught the students how to make clay at home for making much more amazing articles. Over 55 participants attended the workshop on day two. The queries of the participants were answered by the resource person at the end of the session and the resource person was given formally acknowledged by the NSS programme officers before calling it a day.

DAY 3 (29/10/2020)- The third day of the online art and craft workshop began with the welcome address by an NSS volunteer. ‘Mandala Art with Mouldit’ was the third activity conducted by the resource person, Mrs. Santosh Verma, for the workshop. She taught the

students to prepare coasters in two ways. She started by mentioning the required materials for the art and then gave a detailed tutorial about it. At first, she taught how to make coasters using the dotted mandala art and clay. Later, she demonstrated the same technique using fevicyl 3D outliner. Apart from the tutorial, she also demonstrated how to use a brush for even strokes. She shared some useful tricks and tips associated with the mandala art activity with the participants. Along with that, she also shared a list of alternative tools which are easily available at home that can be used instead of specific tools to make the mandala art equally beautiful. She also mentioned about the colour contrast to give aesthetic appeal to the art. Then she answered the queries of the participants pertaining to both yesterday and today's session. She kept everyone motivated for the artwork and exhibited enthusiasm and creativity herself throughout the session. Apart from the activity, she also showcased few of her magnificent works and motivated others to do the same. An important suggestion that she gave today was to give finishing touches to our artwork using varnish so that the durability of the product is increased. The day ended with a thankyou note from an NSS volunteer. The NSS programme officers, Mrs. Charanjit Kaur and Dr. Harpreet Gill were also a part of this session.

DAY 4 (30/10/2020)-The fourth and concluding day of the online art and craft workshop began with a cheerful welcome address by an NSS volunteer. All the teachers of Dev Samaj College of education as well as the NSS programme officers, Mrs. Charanjit Kaur and Dr. Harpreet Kaur were a part of the event. The resource person, Mrs. Santosh Verma, began the workshop by answering some queries pertaining to yesterday's session and then listed the materials that will be required for the fourth activity, such as a piece of ply/wood or clay to make the base along with mouldit and acrylic colours. The fourth article that she taught was to make a pen stand holder using any waste material such as PVC pipe, foil roll or an old coconut oil plastic bottle. This holder can also be used to keep makeup brushes or other

essential items. She went on giving a detailed tutorial about how to give different shapes to the clay for using it as a border on the bottle as well as for using it as a flower for decorative purposes. She suggested that one can also make the shape of a face with the help of clay, calling it as modern art. She directed that all the clay should be moulded in different designs while its texture is still soft and the clay work should be completed prior to the painting of the article. She proposed that the designs must be made using fingers and not tools like cutters and knives. Towards the end of the session, she taught some unique ways of preparing clay at home and also showed some of her other artistic creations. The queries of the participants were answered thoroughly by her pertaining to all the sessions so far. She also offered an opportunity to the participants wherein they can obtain guidance from her at any time beyond the workshop as well. This enthusiasm showed how passionate and dedicated she is towards her work. She also shared a link with the participants for submitting the images of the articles taught by her and for obtaining E-certificates. The workshop ended with a valedictory speech by an NSS volunteer. The NSS programme officers as well as the participants expressed their gratitude to the resource person for guiding them wonderfully throughout the workshop. The Principal, Dr. (Mrs.) Agnese Dhillon thanked the eminent resource person for devoting time from her busy schedule and conducting the workshop successfully. She also congratulated Mrs. Charanjit Kaur and Dr. Harpreet Kaur, Assistant professors and NSS Programme Officers of the college for the success of the event. The resource person too expressed her desire to collaborate with the college and conduct such similar workshops in the future as well.

Pandit Nehru, fondly called Chacha Nehru, was born on November 14, 1889. He shared an affectionate bond with children all through his life. Nehru's love for children was abundant and thus he advocated children to have a fulfilled childhood. He also pioneered children's education.
